

Program Offerings at Summit Bechtel Reserve

The following activities are available at Summit Bechtel Reserve after your events:

GOTTSCHALK BOARDWALK & OTHER HIKING TRAILS

Gottschalk Boardwalk is a wonderful place to quietly connect with nature and explore the wetland ecosystem. Lucky hikers may catch a glimpse of a white-tailed deer taking a drink, or a bald eagle swooping and searching for its fishy dinner. Grab a hiking map and take to the trails!

THE CONSOL ENERGY BRIDGE

The CONSOL Energy Bridge connects the Paul R. Christen National High Adventure Base and Summit's adventure hub, Action Point. It's an engineering marvel, with a wing-tip design resembling the wings of a flying eagle. Take a walk, relax, and soak in Summit's natural beauty

THE SUSTAINABILITY TREEHOUSE

The Sustainability Treehouse represents the BSA's commitment to sustainable practices and policies. This award-winning building is like an interactive classroom where families can learn about everything from recycling practices to urban gardening.
